MEMORANDUM FOR: [REDACTED]

25X1

SUBJECT : COINS Status Report for IRAC Meeting, Monday, 23 July 73

1. Attached is the redrafted report which I prepared for contingent use at subject meeting. The redraft contains the corrections you suggested; otherwise it follows the previous version that I sent you and you said was OK.

2. I have just been told by [REDACTED] assistant on IRAC matters, who attended the meeting, that the COINS topic was brought up and received only very brief discussion. Mr. Colby, Chairman, asked [REDACTED] for a status report, and the latter made a brief statement -- contents unknown to me. [REDACTED] is to make a more detailed report at the next IRAC meeting, scheduled in the Oct.-Nov. time frame. It is interesting that Mr. Bridgewater, OMB, whose letter dtd 14 July 73 to the DCI caused this item to be placed on the IRAC agenda, was totally silent.

3. The attached report that I prepared was not disseminated to IRAC members. However, it has been disseminated within this staff, including to General Allen and [REDACTED]
